TODAY, TOMORROW, FOREVER.

versa[®]
THE SMART PLANK

Premium Maintenance-Free Interior & Exterior WPC Planks

DISCOVER A WHOLE NEW EXTERIOR WORLD

Everwood Versa Premium Quality Exterior WPC planks display exceptional natural wood looks and require no maintenance from painting or coatings. These UV and Weather Resistant Planks are highly durable and are the best alternative to natural wood, cement fibre planks, steel or other conventional materials for multiple exterior applications.

THE VERSA ADVANTAGE

Natural Wood Looks

Anti Fading

Weather Proof

Water Proof

Low Maintenance

No Painting

Anti Corrosive

Impact Resistant

Extra Long Life

Fire Retardant

Environment Friendly

Multiple Applications Flexibility

From Painting and Coating *Against Fading & Cracking

ONE PLANK TWO SURFACES

Everwood Versa Premium Quality Exterior Planks have 2 surface finishes on the same plank presenting the true characteristics of finished wood on one side and a machine - finished groove surface on the other. With this feature, Versa offers flexibility in designing for multiple exterior applications.

* Colours of the actual product may vary from those represented here. * Ensure same batch material for shade similarity.
